## PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

#### SUMMARY

Nalchik Army Barracks Northeast is located 1.4 kilometers (km) northeast of Nalchik, USSR (Figure 1). This barracks installation appears to be primarily a storage depot (Figures 2 and 3). It has no apparent relationship with any other military installation in this area and is probably under the direct authority of the North Caucasus Military District.

Nalchik Army Barracks Northeast covers 78 acres and contains 8 barracks, 32 storage build-

ings, 4 administration buildings, 12 multifamily housing units, 2 general support buildings, 2 unidentified buildings, a water tower, and a motor vehicle park.

This installation was covered by oblique TALENT photography of [ ] and by [ ] KEYHOLE missions between [ ] [ ] There has been no discernible change in the barracks installation since [ ]
